*Dear Customers,*

*To help you to prepare different types of cooking, in particular, within a very limited time requirement, a multifunction combi steamer would be an ideal solution in your kitchen. You can rely on only one machine to prepare thousand dishes such as roast, grill, poultry, fish, baking, etc...*

*In order that this type of combi steamer is good for your kitchen operation, we have carried out several testings in some kitchens and food factories. Its performance is regarded as excellence and reliable.*

*Now please have a look on its unique outlook and design. And most important, the price FOB Hong Kong is only  
HKD 86,000.*
