

Those concerned about raw material quality, take care that the appropriate storage is available. Silos and tanks come in a variety of versions for all sizes of bakery operations and ensure optimum storage of every type of raw material.

Welded outdoor silos

Various systems are available including solutions for the discharge of bulk solid with poor flow characteristics

Segment-design, rectangular, indoor silos

FLOUR HANDLING SYSTEM

Great baking starts with ideal raw material storage. Thus provide the initial cornerstone for a top quality end product. In tune with the raw material, special silo/tank discharge systems in a closed circuit secure an excellent product flow and smooth production processes.

Let us introduce our reference projects to you.
Several installations all over Asia!
