

KOLB TABLE TOP INDUCTION COOKER

Model INSTINCT Hob 10

- Double Heating zone 372 x 609 mm
- Power: 2 x 5kW

Model INSTINCT Hob 3.5 or 5

- Single Heating zone 372 x 349 mm
- Power 1x3.5kW or 1x5kW

- Simple and intuitive operation: "Tip and Turn"
- Clear and Elegant Display
- Easy to clean, with washable air filter
- New hot holding function with precise temperature control from 25° C to 100° C
- Easy change of the temperature from degree C to degree F (additional settings)
- RTCSmp Pan overheating protection
- With height-adjustable and locking feet
- Up to 400% faster pan detector than current model
- High-resolution cooking at the minimum power level of 1 is possible
- Outstanding power output over the whole pan range
- Excellent cooling of the unit with very quiet ventilation

Tip and Turn

Ingeniously simple and reliable

- Tip:** Light pressure on the control knob activates the appliance.
- Turn:** The desired temperature level can be set by turning the knob.

The first and only comprehensive control and monitoring system for induction technology

RTCSmp[®] TECHNOLOGY

ELECTRONIC Fast, safe, accurate

- Temperature monitoring by the electronics
- Temperature monitoring of the induction coils
- Monitoring of the energy supply
- Control in real time

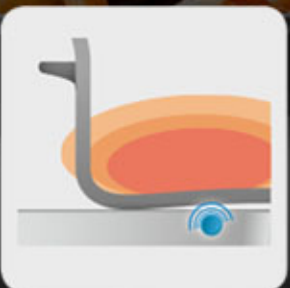

Conventional

Induction

PROTECTION AGAINST EMPTY HEATING Reliable, fast-acting, intelligent

- Temperature monitoring by the electronics
- Temperature monitoring of the induction coils
- Monitoring of the energy supply
- Control in real time

TEMPERATURE CONTROL No delay, exact down to 1° C

- Wireless temperature monitoring at pan and bottom
- Overall surface is measured and controlled
- Temperature deviations are corrected with no delay

Conventional Induction

Induction with RTCSmp
